Safety

This Magellan receiver is a vehicle-navigation aid designed to assist you in arriving to your selected destinations. When using this Magellan product, these safety rules must be followed to prevent accidents that can result in injury or death to yourself or others:

- Please check with your state or local law enforcement for applicable regulations regarding mounting to the windshield. Go to www.magellanGPS.com for alternate mounting solutions. An adhesive disk is supplied with the Magellan receiver for use as an alternate mounting solution to the dashboard.

- When driving, the need to view the display is minimal. Voice prompts will guide you to your destination. The driver should enter data or program the Magellan receiver only when the vehicle is stopped. Only a vehicle passenger should enter data or program the receiver while the vehicle is moving.

- It is your responsibility to comply with all traffic laws.
  Every attempt is made to ensure that the database is accurate. However, roadways, points of interest (POIs), and business and service locations may change over time. The database does not include, analyze, process, consider, or reflect any of the following: legal restrictions (such as vehicular type, weight, height, width, load and speed restrictions); road slope or grade; bridge height, width, weight, or other limits; population density; neighborhood quality or safety; availability or proximity of law enforcement, emergency rescue, medical, or other assistance; construction work zones or hazards; road or lane closures; road, traffic, or traffic facilities' safety or condition; weather conditions; pavement characteristics or conditions; special events; traffic congestion. It is your responsibility to disregard any unsafe, hazardous, or illegal route suggestions.

- Keep the receiver safe from extreme temperature conditions. For example, do not leave it exposed to direct sunlight for an extended period of time. The maximum operating temperature is 140°F (60°C).

- Take care when mounting the receiver in your vehicle, whether using the windshield mount or other mount or accessories, that it does not obstruct the driver's view of the road, interfere with the operation of the vehicle's safety devices such as air bags, or present a hazard to occupants of the vehicle should the receiver be dislodged while driving. You assume the risks associated with damage to your vehicle or vehicle occupants as the result of your choices in mounting the receiver.

Please do not return this product to the place of purchase without first contacting Magellan Technical Support at www.magellanGPS.com/support/.

Register your Magellan RoadMate at www.magellanGPS.com/ to keep updated on the latest offers.
See the User Manual accessed from the www.magellangps.com/support for detailed information.

Choose a Location

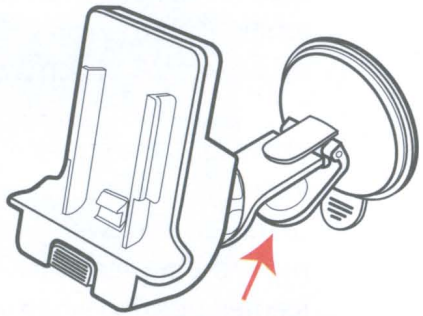
The Magellan RoadMate receiver needs a clear view of the sky to receive signals from the GPS satellites so choose a location with an unobstructed view of the sky, commonly on or near the windshield.[1]

[1] Some areas have laws regarding mounting devices on the windshield. Please refer to local laws before installing. Additional mounting solutions for areas other then the windshield can be found in the User Manual.

Clean the Surface

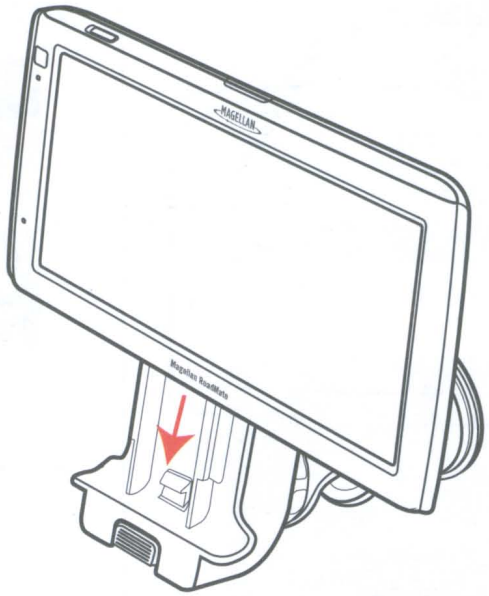
Use the alcohol cleaning pad supplied with your receiver to clean the area on the windshield or dash if using the adhesive mount. Allow the surface to dry before attaching the mount.

Install the Car Cradle



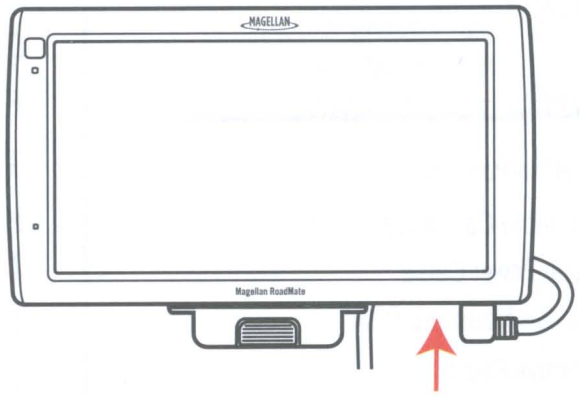
Hold firmly to surface and push lever towards the base.

Attach the Receiver



Connect Power

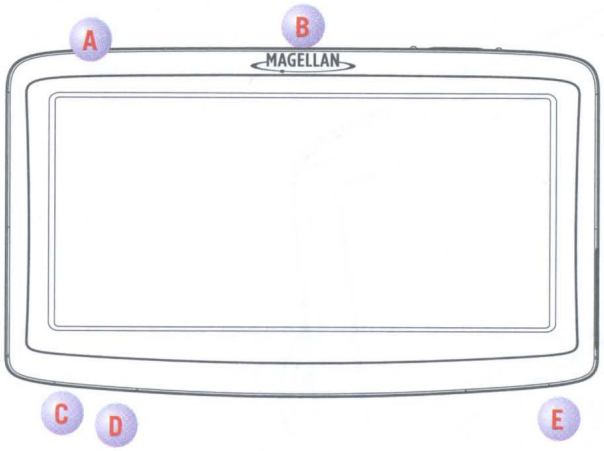
It is recommended that you connect the Magellan RoadMate using the vehicle power cable the first time you use it to begin charging the battery.



General

Please refer to this handbook for questions on using the Magellan RoadMate receiver. If you are still unable to answer your question, check our technical support web page at: www.magellanGPS.com/support/

Magellan RoadMate

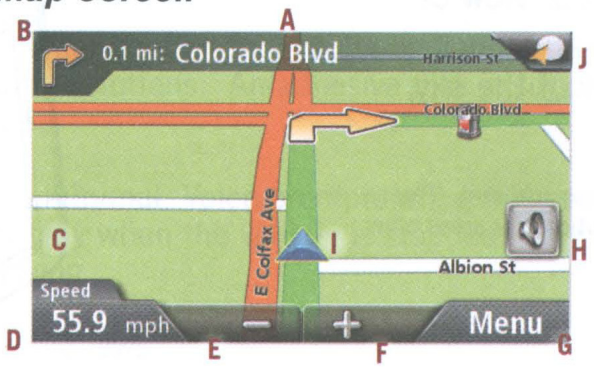


- **A** Power switch.
- **B** MicroSD Card (optional) slot.
- **C** USB input. (Connecting to personal computer.)
- **D** AV input. (Audio and video input. Requires 3.5" AV cable.)
- **E** Power input.

Parts List

- ☐ Magellan RoadMate
- ☐ Adjustable Car Holder
- ☐ Vehicle Power Cable
- ☐ Adhesive Mounting Disk
- ☐ Protective Pouch

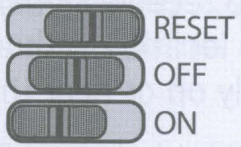
Map Screen



- **A** Current street. Route Mode: Distance and street for next maneuver. Tap to repeat instructions.
- **B** Route mode only. Displays next turn instructions. Tap to display maneuver list.
- **C** Next exits Points of Interest (POI) list (only if traveling on a highway).
- **D** Normal: Current time and cardinal heading. Route: Distance to destination, arrival time, speed or remaining time.
- **E** Zoom out.
- **F** Zoom in.
- **G** Access Main Menu.
- **H** Access Volume/Mute controls.
- **I** Current Position icon.
- **J** Access OneTouch menu.

Applying Power

The power switch has three positions:



Slide the power switch to the left to turn the receiver on.
If you need to reset the receiver for any reason, slide the switch all the way to the right (reset) and then back to the left.

If the power adapter in your vehicle powers off when you turn the ignition off, you can leave the power switch in the ON position at all times. The receiver will power off when the ignition is turned off, and power back on when the ignition is turned on.

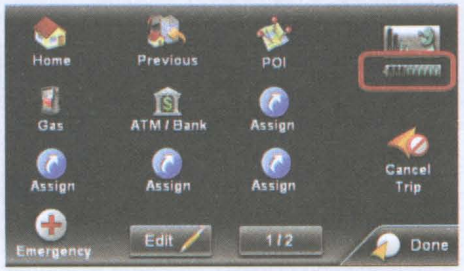
However, if the power adapter in your vehicle is powered regardless position of the ignition switch, you will need to move the power switch to the OFF (center) position when you are done.

If for any reason you need to turn the power off manually, slide the power switch to the center position.

Battery

The Magellan RoadMate has an internal battery that is charged whenever the receiver is being powered by the vehicle power cable or an external (optional) AC power adapter. It cannot be charged through a USB cable connected to a personal computer.
It is estimated that a receiver can operate for 30 minutes from a fully charged battery.

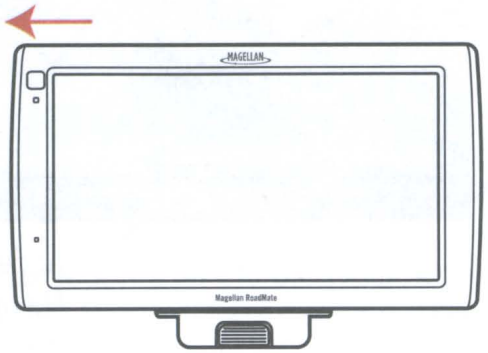
To view the battery strength indicator, access the OneTouch menu. The battery strength is shown below the signal strength indicator.



It can take up to 3 hours to fully charge the battery, depending on the battery level. The battery does not need to be fully charged to use the Magellan RoadMate receiver.

Turn the Receiver On

Make sure that power is being supplied to the vehicle power adapter (green light on the power connector will be on) and slide the power switch to the leftt.



Compute Initial Position Fix

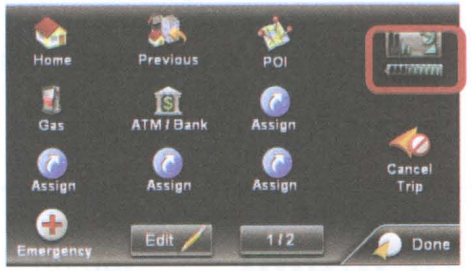
The first time you use the Magellan RoadMate receiver it may take up to 4 minutes to compute your location.

If you are not getting your current location, use these tips to improve satellite signal reception.

- Leave the garage or parking structure so the GPS receiver has a clear view of the sky.
- Satellite signals can be blocked by tall buildings or on mountain roads, you may intermittently notice a drop in signal strength in these locations.

Viewing Satellite Signal Strength

Tap OneTouch icon.



The Satelite Signal Strength indicator appears in the upper right corner of the OneTouch menu.

4 bars green: Strong signal
Blank: No satellite signals.
Unable to compute position.

Menus

Main Menu

Tap on the **MENU** button on the *Map* screen to access the *Main Menu*.

Go To. Access functions to create a route or open your address book.

Access *OneTouch* Menu

View the *Map* Screen.

While routing, **Trip Options** and **Cancel Route** buttons are also shown.

Access *Settings* (Map Options, Navigation Preferences, Product Information, etc.)

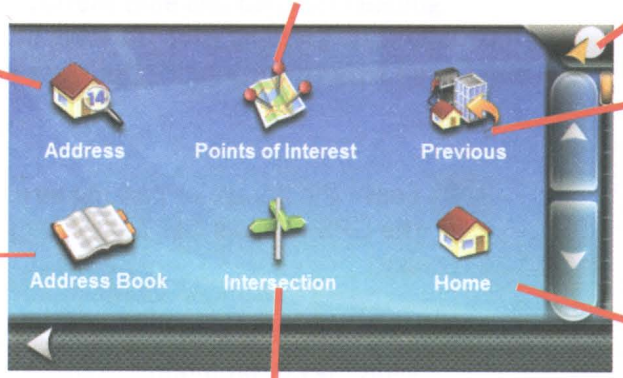
Go To Menu

Tap on the **Go To** icon on the *Main Menu* to access the *Go To Menu*.

View or route to a preloaded point of interest.

Create a route to an Address you enter.

Access OneTouch Menu



Create a route from a list of your last 20 destinations.

Access your Address Book containing addresses and points of interest you've saved.

Create a route to the Home address you've stored in the receiver. (If there is no Home address stored, you will be asked to enter one.)

Scroll down to access route to a City Center.

Create a route to the Intersection of two streets.

OneTouch™

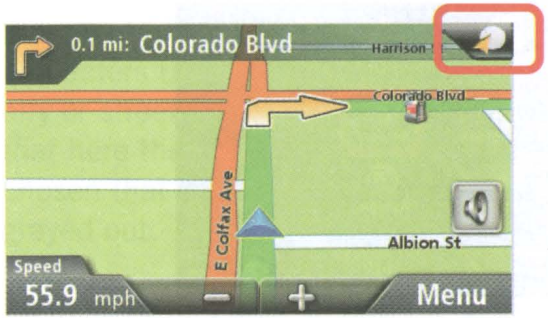
The OneTouch menu provides easy access to those destinations and searches you use most. Some buttons are assigned by default (Home, Emergency, Previous, etc.) while others can by assigned by you. User-assigned buttons can be commonly used destinations or POI searches.

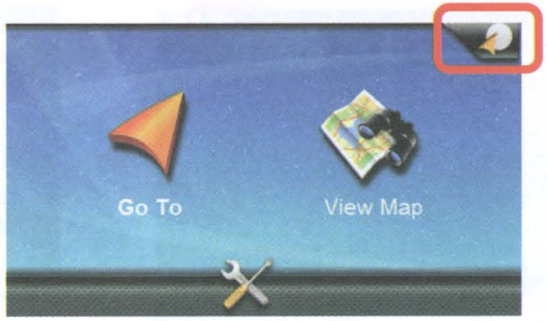
Saving Searches

Tap on any Assign button and you are asked to assign a OneTouch button, either as a location or as a search. Saving a search as a OneTouch button gives you a way of performing searches you may do commonly, such as 'Nearest Coffee'.

Emergency Button

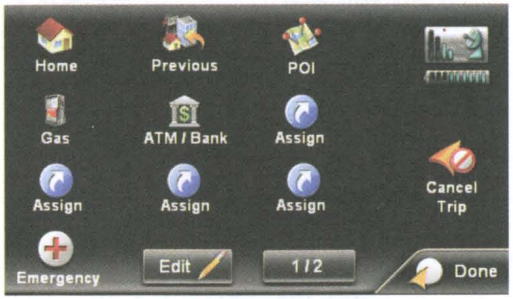
The OneTouch display has an Emergency button that, while it is hoped you never have to use it, can provide immediate directions and phone information for the nearest police station, hospital, or repair facility.





OneTouch menu is accessed by tapping on the **OneTouch** icon found in the upper right corner of the *Map* screen and the *Main Menu*.

After tapping on the **OneTouch** icon, the *OneTouch* displays drops down, giving you easy access to saved locations and searches.



Accesses your saved home address or asks you to input a home address.

Accesses a list of up to 20 previously used destinations.

Accesses the preloaded set of Points of Interest destinations.

Accesses a listing of gas stations near your current position.

Accesses a listing of banks and ATM machines near your current position.

Tap to assign a location or a saved search that can be used to quickly assign a destination or redo a commonly used search.

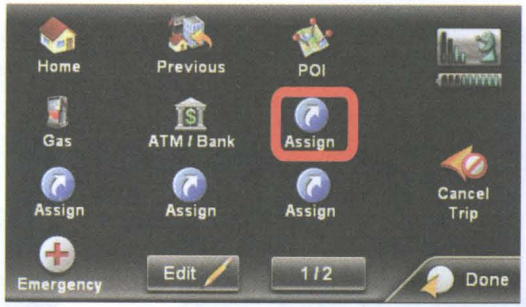
Satellite Signal Strength and Battery Life indicators.

Tap to cancel an active route. (Displayed only when you have an active route.

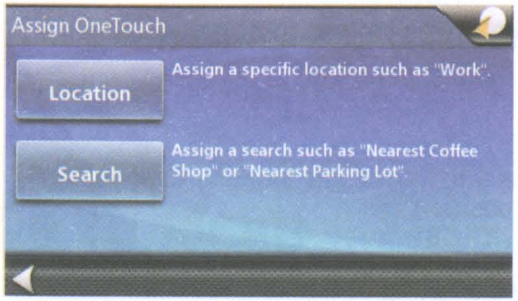
Tap the Edit button to manage addresses and searches that you have saved.

Edit OneTouch

Access the OneTouch menu.



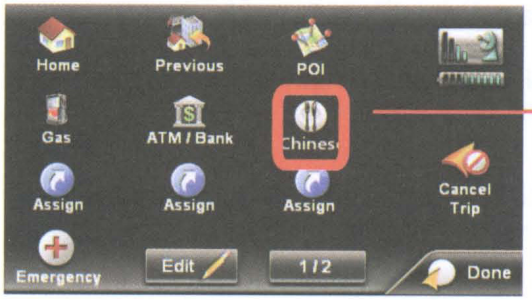
Tap on any Assign button.



Assign OneTouch
Location
Assign a specific location such as "Work".
Search
Assign a search such as "Nearest Coffee Shop" or "Nearest Parking Lot".

Select Location or Search.

Follow the instructions to enter the address or save a search. When you are done you will be asked to enter a name for the button.



Assign button has been replaced.

Editing OneTouch Buttons

Instead of tapping on an Assign button, tap the Edit button and then on the button you want to edit. You can change the name or modify the address.

Saving a Search

You can save a search on a POI to the OneTouch menu by selecting **Search** instead of **Location**. Follow the instructions in this handbook on searching for a POI. When the list of POIs is shown, a Save button will be shown at the bottom of the list.

Tap Save and the Assign OneTouch screen is displayed. Tap on the button you want to assign the search to and you will then be able to access the same search quickly from the OneTouch menu.

QuickSpell™

Your Magellan receiver uses a feature known as QuickSpell for entering cities and streets whenever possible. Quick-Spell displays only those keys that could be used to enter a city or address that is in the receiver's memory. For example, in the screen shown here for street entry, only the letters that spell a street are displayed. This greatly reduces the chance for errors as well as to speed up the address entry process.

Smart City Search

Another way the Magellan receiver makes entering an address easy is through the use of Smart City Search. The Magellan receiver uses your location as well as cities you've created routes to before to try to figure out the city you are looking for. As you enter characters, the 'computed' city is displayed at the top of the screen.

When entering an address only those characters that can be used to spell the city or street are shown as active. Note that here there are no streets for the city chosen that begin with Q, X, or Z and are grayed out.

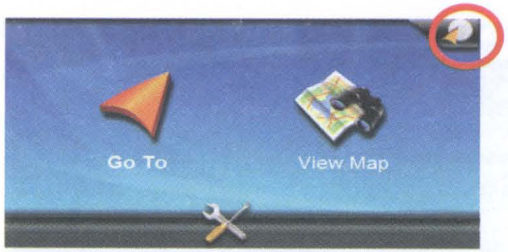
As more letters are entered, the keyboard active characters change indicating which characters can be used to spell the city or street. Here only the A, D, I, L, or O could be used to enter a street for the city chosen.

This speeds up entering an address greatly and avoids misspelling the word you are trying to enter. Tapping on the checkmark will bring up a list of the cities or streets that begin with the letters you've entered. When the available cities or streets is short, the receiver will automatically switch to the list, displaying those items that begin with the letters you've entered.

In this example, a user in San Dimas has entered "SAN F" and the receiver has chosen "SAN FERNANDO, CA" as the probable city. Had the user been in Oakland, CA, the receiver would be displaying SAN FRANCISCO, CA.

If you tap on the city at the top of the display or on the green checkmark, it is selected as your destination city and you are then required to enter the street. Tap on LIST when the button is active to bring up the list of cities beginning with the characters you've entered. (Note that if the number of cities that begin with the characters you've entered is short, the list is automatically displayed.

Home

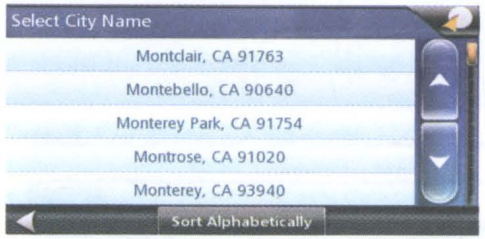


Tap OneTouch icon

Tap Home icon

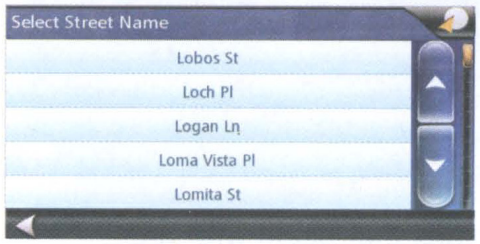
Confirm or select current location

Use Smart Search to enter city



Select city from list

Use QuickSpell to enter street



Select street from list

Enter street address

Home Address

Use the Magellan receiver to quickly return to your home address no matter how lost you thought you were. When you first install your Magellan receiver you should set your home address on the OneTouch menu so it is there whenever you need it. You have the option of entering your home address or, if you are in your vehicle and the Magellan receiver is computing a position fix, you can assign your current location as your home. After following these steps and tapping the green checkmark, the address is saved and designated as your Home address. Next time you access the Home icon you can set a route to your home.

Map Updates

On some occasions you may find that you cannot enter the name of the street you desire. This is due to the street not being in the receiver's memory. Most likely this is a new street and wasn't included at the time of production. If this occurs you may want to visit the Magellan web site (www.magellangps.com) and check for a map update. In the meanwhile, you can set your home as your current location. Map updates usually come out yearly and can be purchased directly from the Magellan web site.

Address Selection

This example shows how to route to an address that is not in your address book, however you have many different options in what you select as a destination.

Points of Interest: These are preloaded points of interest that are grouped by category.

Previous: You can select a previous destination that you have already created a route to, even if you didn't complete the route.

Address Book: Addresses that you have entered and stored in your address book.

Intersection: Select two streets that intersect and a route can be created to that point.

City Center: Create a route to the geographical center of a city that you select.

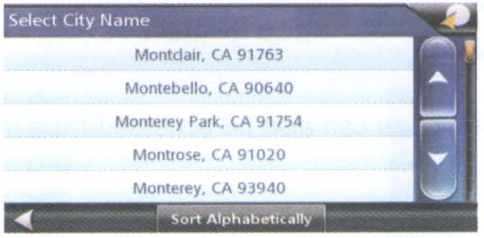
Routing Options

Before selecting Go on the last screen you can set options for the route as to how the route will be computed (fastest time [default], shortest distance, or most use of freeways) by tapping on **Options**.

Tap the Go To icon

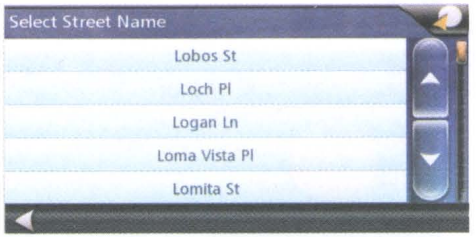
Tap Address icon

Use QuickSpell to enter city



Select city from list

Use QuickSpell to enter street.



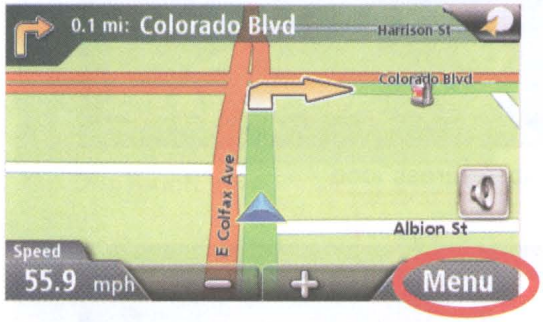
Select street from list

Enter street address

Select the orange "GO" button

Route Tools

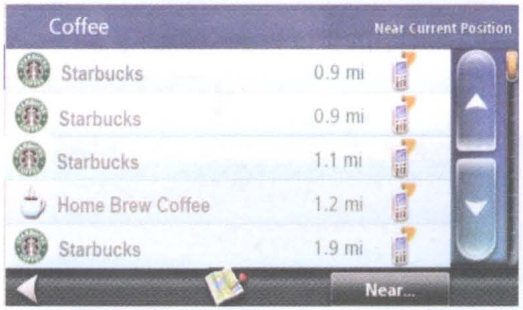
Cancelling a Route



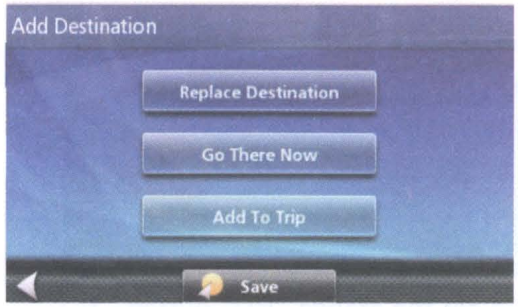
Cancel Route can also be accessed from the OneTouch display.

Adding a POI to an Active Route

From the **Map Screen**, select *Menu*.
Select *Go To*.
Select *Points of Interest*.
Select your category and subcategories for the type of POI.



Choose POI.



Select where to set the POI in the route.

Select Go.

Cancelling a Route

This is an option you have if you no longer wish to continue along the route you've created.

Adding/Replacing a Destination

The example shown here is for adding a POI to an active route. You can choose any of the other Go To options and it will function similarly.

Add Destination Screen
Replacing the Destination takes the destination you have just selected and makes it the arrival point for the route. *Go There Now* puts the destination you have just selected and makes it the next point in the route and then continues the route to the original destination. *Add To Trip* puts the new destination at the end of the trip, after the original destination. *If the trip already has multiple destinations, you will be asked where you want to add this destination.*

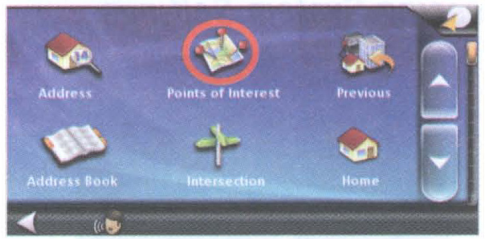
Categories

Commonly used categories (Gas, Coffee, Restaurants, Shopping) are displayed at the top, all other categories are listed in alphabetical order.

* Subcategories

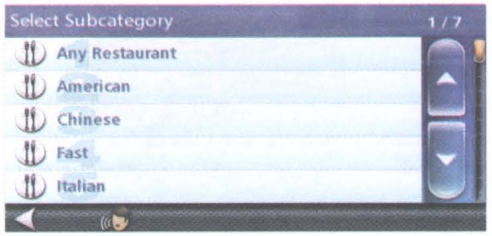
There may be additional subcategories to select from after choosing one of these subcategories. For example, selecting Entertainment as a category brings up another subcategory list displaying Any Entertainment, Casino, Movie Theater or Performing Arts. Not all categories have an associated subcategory.

Tap Go To icon

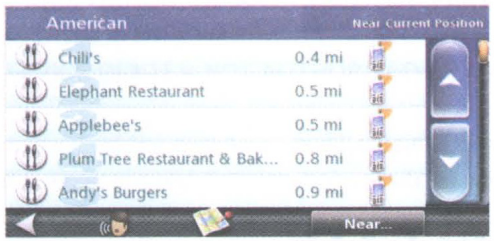


Tap POI icon

Select Category or Search By Name



Select the subcategory *

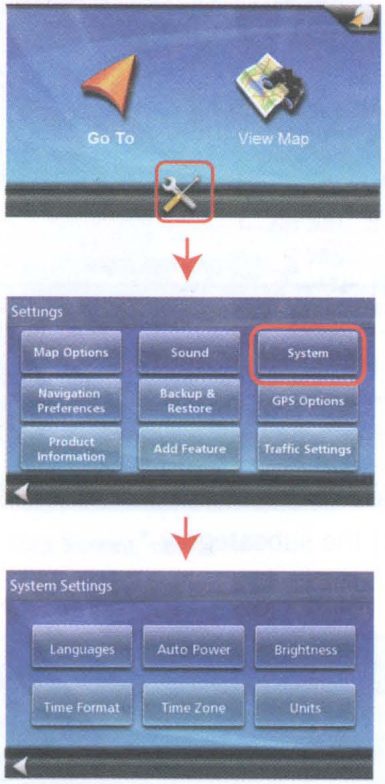


Select POI from list

Confirm destination and tap Go.

Settings

Accessing System Settings



The Settings screen has other useful functions in customizing your Magellan receiver. After you have used your receiver for a while you may want to come back to this screen and select how the information is displayed on the Map screen, sound levels and output, which warnings are announced, etc.

Backup and Restore options are also available on the Settings screen to provide a means of saving and retrieving address information to and from an optional microSD card.

Program Language

Select from English, Spanish or French Canadian.

Auto Power

If the touchscreen hasn't been accessed or the current position hasn't changed for a defined period of time, the Magellan Maestro receiver can be set to power off. Use the Auto Power setting to define the period of time desired.

Brightness

Set the desired brightness level.

Time Format

Select how time is displayed (24 hour or 12 hour).

Time Zone

Select your current time zone.

Distance Units

Select the units of measure for distance measurements; Kilometers/meters or Miles/feet.

Magellan Limited Warranty

All Magellan global positioning system (GPS) receivers are navigation aids, and are not intended to replace other methods of navigation. The purchaser is advised to perform careful position charting and use good judgment. READ THE USER GUIDE CAREFULLY BEFORE USING THE PRODUCT.

1. MAGELLAN WARRANTY.

(a) MiTAC Digital Corp. ("Magellan") warrants its GPS receivers and hardware accessories to be free from defects in material and workmanship and will conform to its published specifications for the product for a period of one year from the date of original purchase. THIS WARRANTY APPLIES ONLY TO THE ORIGINAL CONSUMER PURCHASER OF THIS PRODUCT.

(b) In the event of a defect, Magellan will, at its discretion, repair or replace the hardware product with a product of like kind or quality, which may be new or reconditioned, with no charge to the purchaser for parts or labor. Magellan's limit of liability under the limited warranty shall be the actual cash value of the product at the time the purchaser returns the product to Magellan for repair less a reasonable amount for usage, as determined by Magellan in its sole discretion. The repaired or replaced product will be warranted for 90 days from the date of return shipment, or for the balance of the original warranty, whichever is longer.

(c) Magellan warrants that software products or software included in hardware products will be free from defects in the media for a period of 30 days from the date of shipment and will substantially conform to the then current user documentation provided with the software (including updates thereto). Magellan's sole obligation shall be the correction or replacement of the media or the software so that it will substantially conform to the then- current user documentation. Magellan does not warrant the software will meet purchaser's requirements or that its operation will be uninterrupted, error-free or virus-free. The purchaser assumes the entire risk of using the software.

2. PURCHASER'S REMEDY. PURCHASER'S EXCLUSIVE REMEDY UNDER THIS WRITTEN WARRANTY OR ANY IMPLIED WARRANTY SHALL BE LIMITED TO THE REPAIR OR REPLACEMENT, AT MAGELLAN'S OPTION, OF ANY DEFECTIVE PART OF THE RECEIVER OR ACCESSORIES WHICH ARE COVERED BY THIS WARRANTY. REPAIRS UNDER THIS WARRANTY SHALL ONLY BE MADE AT AN AUTHORIZED MAGELLAN SERVICE CENTER. ANY REPAIRS BY A SERVICE CENTER NOT AUTHORIZED BY MAGELLAN WILL VOID THIS WARRANTY.

3. PURCHASER'S DUTIES. For repair or replacement on a Magellan product the purchaser must obtain a Return Materials Authorization (RMA) number from Magellan Technical Support or by submitting a repair request through our website at www.magellanGPS.com, prior to shipping. The purchaser must return the product postpaid with a copy of the original sales receipt, purchaser's return address and the RMA number clearly printed on the outside of the package to the Authorized Magellan Service Center address provided by Magellan with the RMA number. Magellan reserves the right to refuse to provide service free-of-charge if the sales receipt is not provided or if the information contained in it is incomplete or illegible or if the serial number has been altered or removed. Magellan will not be responsible for any losses or damage to the product incurred while the product is in transit or is being shipped for repair. Insurance is recommended. Magellan recommends the use of a trackable shipping method such as UPS or FedEx when returning a product for service.

4. LIMITATION OF IMPLIED WARRANTIES. Except as set forth in item 1 above, all other expressed or implied warranties, including those of fitness for any particular purpose or merchantability, are hereby disclaimed AND IF APPLICABLE, IMPLIED WARRANTIES UNDER ARTICLE 35 OF THE UNITED NATIONS CONVENTION ON CONTRACTS FOR THE INTERNATIONAL SALE OF GOODS. Some national, state, or local laws do not allow limitations on implied warranty on how long an implied warranty lasts, so the above limitation may not apply to you.

5. EXCLUSIONS. The following are excluded from the warranty coverage:
   (a) periodic maintenance and repair or replacement of parts due to normal wear and tear;
   (b) batteries;
   (c) finishes;
   (d) installations or defects resulting from installation;
   (e) any damage caused by (i) shipping, misuse, abuse, negligence, tampering, moisture, liquids, proximity or exposure to heat, or improper use; (ii) disasters such as fire, flood, wind, and lightning; (iii) unauthorized attachments or modification;
   (f) service performed or attempted by anyone other than an authorized Magellan Service Center;
   (g) any product, components or parts not manufactured by Magellan,
   (h) that the receiver will be free from any claim for infringement of any patent, trademark, copyright or other proprietary right, including trade secrets
   (i) any damage due to accident, resulting from inaccurate satellite transmissions. Inaccurate transmissions can occur due to changes in the position, health or geometry of a satellite or modifications to the receiver that may be required due to any change in the GPS. (Note: Magellan GPS receivers use GPS or GPS+GLONASS to obtain position, velocity and time information. GPS is operated by the U.S. Government and GLONASS is the Global Navigation Satellite System of the Russian Federation, which are solely responsible for the accuracy and maintenance of their systems. Certain conditions can cause inaccuracies which could require modifications to the receiver. Examples of such conditions include but are not limited to changes in the GPS or GLONASS transmission.).
   The opening, dismantling or repairing of this product by anyone other than an authorized Magellan Service Center will void this warranty.

6. EXCLUSION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES
   (a) MAGELLAN SHALL NOT BE LIABLE TO PURCHASER
   (b) OR ANY OTHER PERSON FOR ANY INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES WHATSOEVER, INCLUDING BUT NOT LIMITED TO LOST PROFITS, DAMAGES ARISING FROM A DELAY OR LOSS OF USE, OR OUT OF THE BREACH OF THIS WARRANTY OR ANY IMPLIED WARRANTY EVEN IF CAUSED BY THE NEGLIGENCE OR ANOTHER FAULT OF MAGELLAN OR OUT OF THE NEGLIGENT USAGE OF THE PRODUCT. IN NO EVENT WILL MAGELLAN BE HELD RESPONSIBLE FOR SUCH DAMAGES, EVEN IF MAGELLAN HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.
   (c) Some national, state, or local laws do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.
7. COMPLETE AGREEMENT
   (a) This written warranty is the complete, final and exclusive agreement between Magellan and the purchaser with respect to the quality of performance of the goods and any and all warranties and representations. THIS WARRANTY SETS FORTH ALL OF MAGELLAN'S RESPONSIBILITIES REGARDING THIS PRODUCT. THIS WARRANTY GIVES YOU SPECIFIC RIGHTS. YOU MAY HAVE OTHER RIGHTS WHICH VARY FROM LOCALITY TO LOCALITY AND CERTAIN LIMITATIONS CONTAINED IN THIS WARRANTY MAY NOT APPLY TO YOU.
   (b) If any part of this limited warranty is held to be invalid or unenforceable, the remainder of the limited warranty shall nonetheless remain in full force and effect.
8. CHOICE OF LAW. This limited warranty is governed by the laws of the State of California, without reference to its conflict of law provisions or the U.N. Convention on Contracts for the International Sale of Goods, and shall benefit Magellan, its successors and assigns. This warranty does not affect the consumer's statutory rights under applicable laws in force in their locality, nor the customer's rights against the dealer arising from their sales/purchase contract.

For further information concerning this limited warranty, please visit Magellan's website www.magellangps.com or contact:

MiTAC Digital Corp.
471 El Camino Real
Santa Clara, CA 95050 USA

USA & Canada: 800-707-9971 Mexico: 866-310-7223

5. EXCLUSIONES. Lo que se detalla a continuación está excluido de la cobertura de la garantía:
(a) mantenimiento periódico y reparación o reemplazo de piezas debido a desgaste normal;
(b) baterías;
(c) terminaciones;
(d) instalaciones o defectos que resultan de la instalación;
(e) todo daño causado por (i) envío, mal uso, abuso, negligencia, manipulación, humedad, líquidos, proximidad o exposición al calor, o uso inadecuado; (ii) desastres como incendio, inundación, viento y rayos; (iii) accesorios o modificaciones no autorizadas;
(f) reparaciones realizadas o intentadas por una persona que no sea del Centro de reparaciones de Magellan;
(g) todo producto, componentes o piezas no fabricadas por Magellan;
(h) que el receptor estará libre de todo tipo de reclamo por incumplimiento de patentes, marca, derechos de producción o derechos de autor, entre los que se incluye los secretos comerciales
(i) daños causados por accidente, que resultan de las transmisiones satelitales no precisas. Las transmisiones no precisas pueden ocurrir debido a cambios en la posición, señal o geometría de un satélite o las modificaciones del receptor que puedan ser requeridas debido a un cambio en el GPS. (Nota: Los receptores GPS Magellan usan GPS o GPS+GLONASS para obtener la información de posición, velocidad y tiempo. GPS es operado por el gobierno de EE.UU. y GLONASS es el Sistema global de navegación por satélite elaborado por la federación rusa, y éstos son los únicos responsables de la exactitud y el mantenimiento de sus sistemas. Algunas condiciones pueden hacer que haya inexactitudes que pueden requerir modificaciones en el receptor. Ejemplos de tales condiciones incluyen aunque no de manera taxativa los cambios en las transmisiones GPS y GLONASS).
Si cualquier persona que no sea parte del Centro de reparaciones autorizado de Magellan abre, desmantela o repara este producto, la garantía será nula.

6. EXCLUSIONES DE DAÑOS INCIDENTALES O DERIVADOS
(a) MAGELLAN NO SERÁ RESPONSABLE PARA CON EL COMPRADOR
(b) O CUALQUIER OTRA PERSONA POR LOS DAÑOS INDIRECTOS, INCIDENTALES O DERIVADOS, DENTRO DE LOS QUE SE INCLUYE PERO NO DE MANERA TAXATIVA PÉRDIDA DE GANANCIA, DAÑOS QUE SURGEN DEL RETARDO O LA FALTA DE USO, O DEL INCUMPLIMIENTO DE LA PRESENTE GARANTÍA O CUALQUIER GARANTÍA IMPLÍCITA AUNQUE HAYA SIDO CAUSADA POR NEGLIGENCIA U OTRA FALLA DE MAGELLAN, O DEBIDO AL USO NEGLIGENTE DEL PRODUCTO. EN NINGÚN CASO MAGELLAN SERÁ RESPONSABLE DE TALES DAÑOS, AUNQUE MAGELLAN HAYA INFORMADO SOBRE LA POSIBILIDAD DE TALES DAÑOS.
(c) Algunas legislaciones nacionales, estaduales o locales no permiten la exclusión o limitación de daños incidentales o derivados, es por eso que la limitación o exclusión arriba mencionada puede no aplicarse a usted.
7. ACUERDO TOTAL
(a) La presente garantía por escrito es al acuerdo total, final y exclusivo entre Magellan y el comprador con respecto a la calidad de rendimiento de los productos y todas las garantías y declaraciones. LA PRESENTE GARANTÍA ESTABLECE TODAS LAS RESPONSABILIDADES DE MAGELLAN CON RESPECTO A ESTE PRODUCTO. LA PRESENTE GARANTÍA LE DA DERECHOS ESPECÍFICOS. USTED PUEDE TENER OTROS DERECHOS QUE VARÍEN DE UNA LOCALIDAD A OTRA Y ALGUNAS LIMITACIONES DE LA PRESENTE GARANTÍA PUEDE SER QUE NO SE LE APLIQUEN.
(b) Si alguna parte de la presente garantía limitada es inválida o imposible de cumplir, el resto de la garantía limitada seguirá en vigencia.
8. LEGISLACIÓN APLICABLE. La presente garantía limitada está regida por las leyes del estado de California, sin consideración de los conflictos de legislación o la Convención de las Naciones Unidas sobre contratos para la venta internacional de productos, y beneficiará a Magellan, sus sucesores y cesionarios. La presente garantía no afecta los derechos establecidos por ley de los consumidores según las leyes aplicables que están en vigencia, ni los derechos del consumidor contra el concesionario que surgen de los contratos de compra/venta.

Para mayor información con respecto a la presente garantía limitada, por favor visite el sitio web de Magellan www.magellangps.com o contáctese con:

MiTAC Digital Corp., 471 El Camino Real, Santa Clara, CA 95050, USA E.U.A. et Canada: 800-707-9971 Méxique: 866-310-7223

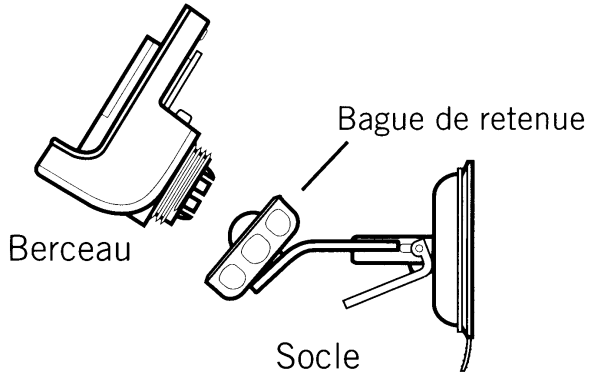
Assembling the Windshield Mount

The Windshield Mount is supplied in two pieces, the cradle and the mount. Before installing in your vehicle you must assemble the two pieces.

Align the cradle to the mount as shown. Snap the cradle on to the ball and tighten the retaining ring to the cradle. Do not overtighten, it only needs to be snug.

Once the Windshield Mount is assembled you can then begin the process of installing the assembly in your vehicle.



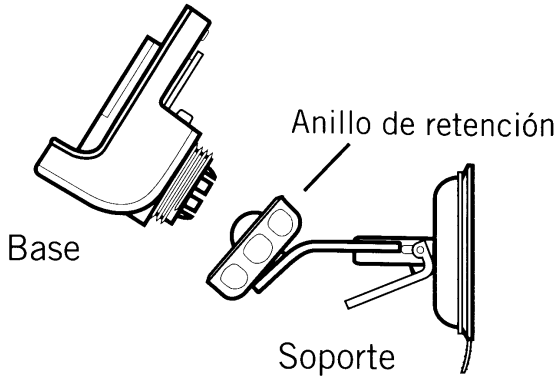
Assemblage du support de pare-brise

Le support de pare-brise est fourni en deux morceaux, le berceau et le socle. Avant installation dans votre véhicule, vous devez assembler les deux morceaux.

Alignez le berceau avec le socle comme l'indique l'illustration. Emboîtez le berceau sur la rotule et serrez la bague de retenue sur le berceau. Ne serrez pas trop fort, elle doit simplement être serrée un peu.

Une fois que le support de pare-brise est assemblé, vous pouvez commencer le processus d'installation de l'ensemble dans votre véhicule.

MAGELLAN®



Cómo ensamblar el Soporte del Limpiaparabrisas

El soporte del limpiaparabrisas tiene dos piezas que son la base y el soporte. Antes de realizar la instalación en su vehículo, debe ensamblar las dos piezas.

Aliñe la base con el soporte como se ilustra. Coloque la base en la bola y ajuste el anillo de retención a la base. No ajuste excesivamente, debe quedar ajustado pero no al máximo.

Cuando el soporte del limpiaparabrisas está ensamblado, puede colocar la unidad en el vehículo.
